RECENT INNOVATIONS IN SURVEILLANCE TECHNIQUES

Discover new and exciting tools used by investigators to gather information. Discussions will focus on the tried and true methods of information gathering, as well as information that can now be found on the internet, including through access to social network sites and blogs. Discuss the legal roadblocks to the use of the information the investigator gathers, including invasion of privacy, trespass and the admissibility of the information gathered at the time of trial.

Rick & Bob Allers, Preferred Services
Glen Howard Pickover J.D., Gregory & Meyer, P.C.

DIGITAL/COMPUTER FORENSICS

The process of collection, examination and analysis of electronic media. It's not just about computers. It's also about evidence discovery, rules of evidence and legal processes. This 90 minute presentation will expand the insurance adjuster toolbox on fundamentals of Digital Forensics, recognizing potential evidence, securing electronic devices and legal requirements defined by the courts.

Scott Bailey, Kerby Bailey and Associates

WAGE LOSS: ROSS V. ACIA DECISION – SAVIOR OR CATASTROPHE?

In May 2008, the Michigan Supreme Court upheld the lower courts' decision with respect to the determination of an individual's wage loss benefit involving an S corporation. What many thought would have simplified wage loss calculations in certain instances has seemed only to muddy the waters. Explore the impact this critical decision has had on wage loss claims.

Gary Nayh, CPA, CFF Walworth & Nayh, PC, CPAs
Greg Wood, CPA, CFF Walworth & Nayh, PC, CPAs

BANKRUPTCY: WHO'S WHO AND HOW IT AFFECTS ADJUSTMENT, INVESTIGATION AND LITIGATION OF INSURANCE CLAIMS

A presentation explaining the bankruptcy process, role of the trustee, debtors in possession and how bankruptcy considerations affect an insurance carrier's adjustment, investigation and litigation of insurance claims.

Kurt D. Meyer, J.D., Gregory and Meyer, P.C.
Marcia Meroli, Bankruptcy Trustee
